Ref: Request for Meeting to Discuss Comments on 100 Percent Engineering Drawings

Dear Mr. De Frate:

Please accept this letter as a formal request to meet and discuss the comments received in your letter dated August 26, 2009.

In a letter dated October 15, 2009, the City of Sacramento, Department of Utilities, Solid Waste Division responded to the comments received. After talking with the attorney for the Dellar Trust, the City was told the Dellar Trust would respond separately.

Until we meet and discuss the comments and agree on the final closure plan for the Dellar Landfill, no further work on the construction plans and bid documents will proceed. As stated in the quarterly report dated November 1, 2009, this may delay the schedule agreed to into the CAO, and will require submitting a revised schedule after the meeting and agreement on how to proceed is determined.

Sincerely,

Marty Strauss  
Integrated Waste Planning Superintendent
